## About Elite Football Academy

Elite Football Academy is where players go when they want to take their game to the next level. Whether you are just starting out, or wanting to get noticed by college coaches, Elite Football has the right program for you! The mission of EFA is to provide football players with the best training and development opportunities available in the country. EFA specializes in position-specific skill development training for youth, high school, and college players. Elite Football Academy is a year-round skills development program providing both on-field skills training and off-field classroom preparation. We offer players the opportunity to work in small competitive groups where they receive personal instruction to improve their overall skills. All training is customized for the individual player, while incorporating the skills their team requires.
